Projects

History of Music ⬀   Mar 2021
- The project was created with HTML and CSS. I used tables to align the elements and it contains a menu, copyright bar, banner+logo, audio and video elements, anchors, page associations, buttons, feedback form with various boxes, contact window, and questionnaire.
- The theme of the project aims at the evolution of musical genres and festivals, as well as the approach to various world records.

Astro - Journey ⬀   Oct 2021
- Project developed in **Visual Studio**, code is written in **HTML/CSS**, where I tried to create a website for a treasure hunt.

A website for a personal development student event ⬀   Oct 2022
- The site was created in **Visual Studio**. This was a program in **HTML/CSS** and contains: registration button that connects to a Google form and buttons for social networks.

CV site ⬀   Sep 2022
- Project written in **Atom**, the site is to be improved, currently it is a **prototype**.
